

## Accessing Google Classroom

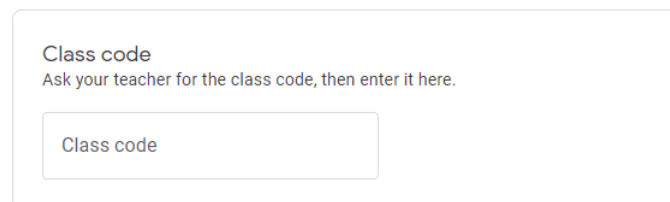

Please access Google Classroom via <https://classroom.google.com>

You will then be asked to sign in on a screen like this:

The screenshot shows the Google sign-in interface. At the top is the Google logo, followed by the text 'Sign in' and 'Use your Google Account'. Below this is a text input field labeled 'Email or phone' with a cursor. Underneath the field is a link for 'Forgot email?'. Further down, there is a note: 'Not your computer? Use Guest mode to sign in privately.' with a link for 'Learn more'. At the bottom left is a link for 'Create account', and at the bottom right is a blue button labeled 'Next'.

Please sign in using the school login which ends @hpjs.co.uk. If you do not know what this is, please email [homelearning@hpjs.co.uk](mailto:homelearning@hpjs.co.uk) and they will be sent to you. Please make sure you are signed out of all other accounts as only @hpjs.co.uk accounts will be able to access the classroom. If you see the following error message (see below), then you have tried to access using a non-school account and therefore will not be permitted access to Google Classroom.

The screenshot shows a screen for entering a class code. It has the heading 'Class code' and the instruction 'Ask your teacher for the class code, then enter it here.' Below this is a text input field with the placeholder text 'Class code'.

Once in Google Classroom, your child can click on their class name and all the work available for them will be available on the stream. They can then complete the activities and then **'Turn in'** their work so that their teacher can see it and comment on it.

Please make sure you are still checking Marvellous Me as teachers will send messages responding to the remote work that is completed in Google Classroom.

Any problems, please email [homelearning@hpjs.co.uk](mailto:homelearning@hpjs.co.uk)
