## National Book Tokens

National Book Tokens are offering schools the chance to win £5,000 of tokens for their library; enough to buy hundreds of new books!

We need to spread the word to our parents and carers, and the wider community to nominate us. The more nominations we receive, the higher the chance we will win.

To win £5,000 would give our library an amazing boost and encourage the children to read for pleasure – the prize would also help support our local bookshops.

## The Stubbington Study Centre

*“When the people from Stubbington came we learned about trees. The first activity was to make a tree out of children to understand how important they are. The first child had to be the heart of the tree and would stand up in the centre of the field, then another child would hold on to the other child’s ankles laying down. Then six children (girls) would lay down with their hair sticking out with their feet surrounding the first child’s feet. Then another six children (boys) had to stand in between the girls’ legs and feet. Then six more children were standing on the outside of the people laying down on the floor. The last set of children would stand next to the other six children standing up.”*

*“The second activity was to make the leaves. There would be a big circular piece of paper with pictures of different types of leaves and their names on the opposite side of the picture. Then we searched for trees and examined their leaves, such as Field Maple, Oak and Sycamore.”*

*“We managed to avoid the rain because it was mostly sunny. I had a lot of fun with Stubbington! So, in conclusion, thank you Mrs Faithfull, I love the people from Stubbington.”*
