

## Experiences

Science - Light workshop run by The University of Portsmouth

History - Fort Nelson linked to World War 2.

Openbox Theatre - WW2 Evacuees Workshop

Swimming in our on site pool!

## Computing

In computing, we will be focusing on coding using Scratch. Children will be investigating various pieces of code and then combining these to create a set scenario. In addition, children will be discussing Online Safety and decision making.

## Physical Education

In P.E, the focus of this half term is dance. Children will be exploring what this was like during World War 2 and will create a routine in keeping with this theme. Our Sports Coach will be delivering Football during PPA.

## English

We will be exploring the text and film of Goodnight Mister Tom which links to our History topic as well as When We Flew Away. We will be writing a persuasive argument about evacuees in World War 2.

## Personal Development

This half term, the children will be learning about caring and respectful relationships. They will be discussing who to trust and will explore stereotypes in society and how this can be negative.

## Religious Education

In R.E we will be studying the concept of community within the Christian religion. We will be comparing and contrasting Mathew & Luke's Christmas birth story and discussing which one the children prefer and why.

# Year 6 Curriculum Overview Autumn 2

## Maths

In maths, children will be exploring measurement, geometry and fractions with a specific link to percentages, decimals and ratio. They will also continue weekly arithmetic sessions on focus areas.

## DT

In DT, we will be baking a war time 'sweet treat'. This will be in the form of carrot cake. Children will explore the basic ingredients used as well as practising their grating, cutting and weighing skills.

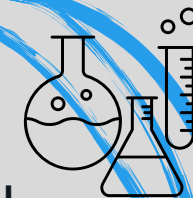

## History

We will be learning about World War 2 - when and why it began and its impact on our local area. We will consider rationing, evacuation and what made Portsmouth vulnerable to potential attacks.

## Science

In Science, we will be learning all about light. We have an exciting workshop planned which will be followed up with investigations about how we see things, how light travels and how light behaves.

## French

This half term, the children will be re-capping their knowledge of days of the week, months of the year, seasons and dates personal to them.
