

Experiences

Church visit - Links to our learning in RE/DT

Wonderdome - Links to our learning in science

Computing

In computing this half term children will be exploring the skills of word processing. By the end of this unit, children will be able to copy and paste, use spell check, alter page size/orientation, align text in different positions and create a table for a specific purpose.

Physical Education

This half term we will be looking at two different areas of P.E - net and wall and striking and fielding. We will be completing two units, one for tennis and one for tri-golf.

English

We are very excited for our next English unit - Maleficent! As part of our learning journey we will get to design and make masks as the mythical spirit animals, write a beast profile and then complete a battle cry in the role of Maleficent.

Personal Development

For PDL, we will be discussing mental wellbeing and growth mindset. Children will be exploring how to use simple self-care techniques and will be able to understand that mind sets are not fixed and can identify what makes a growth mindset.

Religious Education

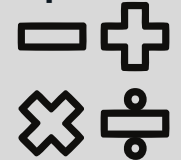

In R.E, we will be learning about the resurrection. We will look at the symbolism of the cross and why this is important to most Christians. As part of this topic we will be visiting Hart Plain Church.

Y5 Curriculum Overview

Spring 2

Maths

First, Year 5 are going to be learning about decimal fractions. They will explore how to convert units and how to multiply and divide numbers by 10, 100 and 1,000. Then, the children will be focusing on factors, multiples and primes.

D.T

We have a very exciting unit coming up for Spring 2 in DT. We will be making cheese scones as a practice task of the skills we will need to make our final product of cheese straws. We will make our cheese straws in the shape of crosses and will be taking them with us the Hart Plain Church.

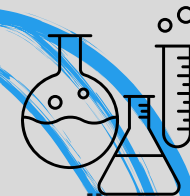

History

In History this half term, the children will be studying the Mayan civilisation. They will be exploring how they lived and comparing it to other civilisations through time. By the end of this unit, the children will be able to answer the key question: How did the Mayan Civilisation last for so long?

Science

In Science this half term, we will be finishing our unit on forces and then started a new topic of SPACE! We are very excited to have a visit from the Wonderdome Planetarium as part of our learning. We will be looking at our solar system, the milky way and our stars.

French

By the end of this unit pupils will have the knowledge and skills to present both orally and in written form about the pets they do/or do not have in French. Children will move from 1st person to 3rd person verb usage so they are able to say what the pet is called and use conjunctions more confidently.
