

Experiences

Science Workshop in association with the University of Portsmouth - to look at Earthquakes.

To grow our own butterflies.

Computing

In computing, we will be learning new skills within purple mash. We will be using the programme LOGO to design a pattern using code.

Physical Education

In P.E, during our class teacher led sessions we will be doing outdoor adventure, where we will be working in teams and looking at working safely together.

English

In English, we will be using the video stimulus of 'The Present' to understand equality for disabled people. Inspiring us to create a non-chronological report based around a Paralympic event.

Personal Development

This half term, the children will be learning about our health and wellbeing, focussing on our teeth hygiene, a healthy diet and sleep.

Religious Education

In R.E we will be studying the concept of Sacred Texts, focusing on the Jewish Torah. We will be looking at how sacred texts have authority in religion and what authority means.

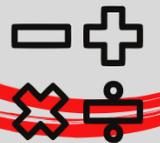

Year 4

Curriculum Overview

Summer 1

Maths

In maths, we will be continuing with our fraction unit. Whilst also working hard on our times tables facts to ensure success within the national times table check.

Art

In Art we are looking at Embellishment. We are using inspiration from the artist Jessica Grady to create sewn embellishments to represent volcanoes.

Geography

In Geography we will be looking at mountains and earthquakes, focussing on Nepal and how to prepare for earthquakes and reduce impacts of earthquakes.

Science

In Science we are continuing with our Living Things topic. We are continuing to look at how animals are grouped and classified and the difference between vertebrates and invertebrates.

French

In French, we will be practising our vocabulary linked to explaining where we live and what rooms we have in our homes.
