Dear Parents and Carers

### **Relationships and Sex Education (RSE) Programme**

Next half term, we will be introducing our Relationships and Sex Education (RSE) programme to the children.

As part of our commitment to working openly and in partnership with parents, we would like to invite you to find out more about the content we will be teaching and the resources we will be using. This also provides an opportunity for you to ask questions and discuss how the learning at school can be supported at home.

To support as many parents as possible in attending, we will be running the same presentation at two different times on:

#### **Monday 18th May at 9:00am and 3:15pm**

Please report to reception on arrival, where you will be directed to the presentation room.

If you are unable to attend either session but would still like to discuss the RSE curriculum or view the materials, please do not hesitate to get in touch — I will be very happy to support you.

We strongly believe that children's needs are best met when school learning complements and supports the vital role played by parents. As outlined in our RSE policy, and in line with national guidance, parents do not have the right to withdraw their children from relationships education. However, they may request withdrawal from the non-statutory / non-science elements of sex education within RSE. This does not include content that forms part of the National Curriculum for Science. Any requests for withdrawal should be made in writing and addressed to the Headteacher.

We very much hope that as many parents as possible will be able to attend one of the sessions, and we look forward to working together to support our children's learning and wellbeing.

Yours sincerely

Miss Amy Ranson  
RSE Lead
